Strawberry Plants

FOR SPRING AND FALL OF

1892.

GROWN AND FOR SALE BY

E. L. ROSER,

Brittain, Summit Co., O.

Send two-cent stamp and you will receive a Catalogue of valuable instructions on Strawberry Culture.

VARIETIES.

ENHANCE, S.

It is remarkably vigorous and sends as many as ten fruit stems to a plant. The fruit is somewhat irregular in form, but of good color, and remarkably large to the last picking. It ranks first among the staminates as a producer and polenizer.

WALDRON, P.

A variety that combines beauty in fruit and plant. Form, color and size combine to make it the ideal of the amateur.

THE AMERICAN FARM AND HORTICULTURIST, a quarterly, published at Rio Vista, Virginia, will be sent one year as a premium to any person purchasing plants to the amount of one dollar.

Remit money by P. O. Money Order drawn on the Post-Office at Akron, O., and mailed to E. L. ROSER, BRITTAIN, SUMMIT COUNTY, OHIO, Express Money Order, Registered Letter, or New York Draft.

Varieties marked "P." are pistillate; "S." staminate. The pistillate varieties should have every fourth or fifth row planted with a staminate variety, to polenize them.

Varieties printed in full faced type are best adapted to general culture.

A half dozen or dozen, fifty or hundred, five hundred or thousand, of not over four varieties, will be sent at the proportionate dozen, hundred or thousand rate.

Purchasers pay expressage and mention whether plants are to be sent by the Adams, American, United States, or Wells-Fargo Express Companies.

Address all letters and make all money orders payable to
